### LETTER OF APPRECIATION

On behalf of the students, staff, Principal of Ireti Senior Grammar School, and the Tutor – General/Permanent Secretary of Education District III Ikoyi, Lagos State, I hereby appreciate the kind gesture of the “Nigerian Schools Project, New Jersey, U.S.A.” which has demonstrated its commitment to the Educational Development of the average Nigerian Child.

The construction of a well furnished library, donation of books on various subjects, laboratory stools, tables and chairs for teachers, and award of scholarships to 3 S.S.III Students are highly commendable and appreciated. It is a boost to educational development in Lagos State and also a challenge and impetus for students to work hard.
